

Indiana Tech Plan 2018

Submission Date	2018-03-06 11:07:02
School Corporation	Wa-Nee Community Schools
District Technology Website URL	http://www.wanee.org/technology.aspx
Technology Lead	Ryan Mattern
eMail	rmattern@wanee.org
Title	Technology Director
What certifications have you obtained to support your work?	Microsoft Certified Solutions Associate (MCSA) Microsoft Certified Solutions Expert (MCSE)
Approximate FTE Technician/Support in District	5
Approximate FTE Integration Coaches in District	4
Vision for Technology Integration into the school corporation's curriculum:	Teachers will continue to integrate technology and digital content to enhance instruction. In addition, teachers will share expertise through peer support and training. Teachers will be provided time for collaboration and professional development dedicated to the refinement of their use of technology in the classroom.
% of Content that is Physical Textbooks	80%
% of Content that is Purchased Digital Content	10%
% that is Digital Content Curated/Created by Teachers	10%
Has your district promoted Open Educational Resources (OER)?	No
Total Internet Access Capacity for the District (Mbps)	1,000
Average Utilization of this Capacity	40-49%
Current Wide Area Network (WAN)	WAN: Fiber - All Sites
District Wi-Fi Access Deployed	All Schools

Wi-Fi Access Allowed for:	School devices Teacher BYOD Student BYOD Guests
Away from School Access Initiatives	None at this time
Future Plans for Network Improvement	We finished installing access points during Summer 2016 to cover all buildings with wireless. We upgraded all MDFs and IDF's as well as installed 10 Gbps fiber between all buildings in 2013. We have no immediate plans to improve the network at this time as it already meets are current and future requirements.
District's Main LMS	None Identified
District's SIS	Administrator's Plus
Collaboration & Productivity Platforms in Use	Microsoft 365
Blogger	Teachers Only
Facebook	Teachers Only
Google+	Open
Skype	Open
Twitter	Teachers Only
YouTube	Open
Do your students currently have access to online courses?	Yes
What is the purpose of the course(s) being offered?	Credit Recovery/Remediation Core Curriculum Offering
Do you cap the number of credits students can earn virtually?	Case by case basis
Current access includes content/courses:	Built and taught by our teachers Purchased content, taught by our teachers Courses facilitated by an external online provider
What providers do you use for purchased content?	Apex Learning
Who pays for courses taught by external providers?	District

Have you had a cybersecurity audit?	No
Have you conducted a phishing security test?	No
In your district, which of these areas are in need of further development or support?	Risk analysis Internal penetration testing External penetration testing Phishing campaigns Data Security Denial-of-service attacks Ransomware attacks
Which of these measures are currently in place on your network?	Endpoint detection and response Firewall eMail filters for incoming spam, viruses
What type/brand of firewall?	Cisco ASA
Technology Training	Instructional technology coach(es) Technology focused faculty meetings Peer technology sharing Teachers encouraged to attend Summer of eLearning Teachers enrolled in Communities of Practice
Describe your current focus for Professional Development and plan to provide in-service training over the next three years:	Focus for professional development will focus on teacher needs and implementing a plan for all staff giving them tools to incorporate technology into daily lessons. We believe professional development needs to be embedded and ongoing to provide "on-demand" coaching and resources.
District 1:1 Status	1:1 at all grade levels
1:1 Grade Levels	K 1 2 3 4 5 6 7 8 9 10 11 12
Total number of student devices in use in your district	2900
Are you using your 1:1 devices for testing? (including ISTEP+)	Yes - All

At what level do students begin to take devices home?	9
Grades K-2	iPad
Grades 3-5	Dell Laptop
Grades 6-8	Dell Laptop
Grades 9-12	Dell Laptop
Are Devices Filtered Away from School?	Yes - same as school
1:1 Funding Streams	Capital Projects Fund General Obligation Bond
Future Plans and Schedule for Replacing Current Devices	Student 1:1 devices and certified staff devices will be purchased with a GO Bond at the end of the current four-year cycle. Classified staff devices will continued to be purchased from the Capital Projects Fund every five years.
Future Plans to Add New Devices	We have no plans to add new devices.
Criteria for Selecting New Technology	The district-wide LEAP Committee is critically involved in the process of selecting new technology. Our Director of Technology leads the process with Building Administrators and Instructional Coaches as they work with staff to ascertain the primary purposes for the technology in order to ensure alignment of device with purpose. These data along with our past practices are funneled back to the LEAP Committee where these critical decisions are finalized.
