

# Remote Learning Directions

## **Writing and Science**

Everything is in *OneNote*.

All students have used *OneNote*, but they have not used it frequently. The website is [www.office.com](http://www.office.com).

The log-in info is the same as Pearson, **then add on** [@students.wanee.org](mailto:students.wanee.org). (Example: [28jmdoe@students.wanee.org](mailto:28jmdoe@students.wanee.org)) It should have the same password. All of this information should be on the front of the yellow file folder that was sent home with students on March 16th.
