

DATA WISE

Presented by: G. McEndarfer

June 4th and 5th, 2019

Welcome/Agenda

- Inclusion
- Norms
- Activate and Engage –Know Your Why
- Explore and Discover
 - *Have a shared understanding of Data Wise*
- Organize and Integrate
 - *Discussion / Round Table*

In the room...

- A: Data Wise is new to me
- B: I participated in Data Wise this year

Norms

- Assume positive intentions
 - Take an inquiry stance
 - Ground statements in evidence
- What Norms or Working Agreements would benefit your team/grade/school?

Know Your Why...

Initial Hopes and Fears from the district...

Hopes

- Consistent
- Useful – makes sense
- Clear
- We stick with it
- Being able to pinpoint where students need to grow
- Actually beneficial
- Benefits students and our teaching

Fears

- More work than benefit
- Not having a clear idea of what is expected
- Seeing students just as numbers
- More work
- Don't want to have to redo the data work
- Not helpful
- Negative Impact

Reflection Comments...

It was refreshing being able to have a clear focus

We really made great gains with our Learner Centered Problem

Working with a Problem of Practice was new for us and incredibly helpful!

It was nice to actually do something with the data we collected!

The Swoosh....

■ On post it notes....

- *A) Write down what your currently do for each step*
- *B) Write down what you did for each step of the Data Wise process this year*

ACE Habits of Mind

- A shared commitment to ACTION, Assessment and Adjustment
- Intentional COLLABORATION
- Relentless focus on EVIDENCE

Compass Points

Which of the four
“directions” most closely
describes your personal
style? Go to the sign.

NORTH: Acting – “Let’s
do it;” Likes to act, try
things, plunge in

EAST: Speculating – likes
to look at the big picture
and the possibilities
before acting

SOUTH: Caring – likes to
know that everyone’s
feelings have been taken
into consideration and
that their voices have
been heard before acting

WEST: Paying attention to
detail – likes to know the
who, what, when, where
and why before acting

North, South, East and West

- What are strengths of your style? (4 adjectives)
- What are limitations of your style? (4 adjectives)
- What style do you find it most difficult to work with and why?
- What do people from other “directions” or styles need to know about you so you can work together effectively?
- What do you value about the other three styles?

Meeting Wise Agenda Template						
<p align="center">MEETING AGENDA [date], [start time] – [end time] [location]</p>						
TOPIC:		Attendees: Facilitator: Note taker: Timekeeper:				
MEETING OBJECTIVES: <ul style="list-style-type: none"> • [objective 1] • [objective 2] • [objective 3] 						
TO PREPARE FOR THIS MEETING, PLEASE: <ul style="list-style-type: none"> • Read this agenda [optional: and reply to (name) with feedback by (date)] • [other pre-work task] 						
Schedule [XX minutes]						
TIME	MINUTES	ACTIVITY				
X:XX-X:XX	X	Check-in and review objectives of this meeting and how they connect to the objectives for our remaining team meetings this year				
X:XX-X:XX	X	Review next steps from our previous meeting				
X:XX-X:XX	X	Review plus/deltas from our previous meeting <table border="1"> <thead> <tr> <th>Plus</th> <th>Delta</th> </tr> </thead> <tbody> <tr> <td>• [pluses from previous meeting]</td> <td>• [deltas from previous meeting]</td> </tr> </tbody> </table>	Plus	Delta	• [pluses from previous meeting]	• [deltas from previous meeting]

Step 1: Organize for Collaborative Work

- 1.1 Adopt an improvement process
- 1.2 Build a strong system of teams
- 1.3 Make time for collaborative work
- 1.4 Set expectations for effective meetings
- 1.5 Set norms for collaborative work
- 1.6 Acknowledge work style preferences
- 1.7 Create a data inventory
- 1.8 Create an inventory of instructional initiatives

Data Wise

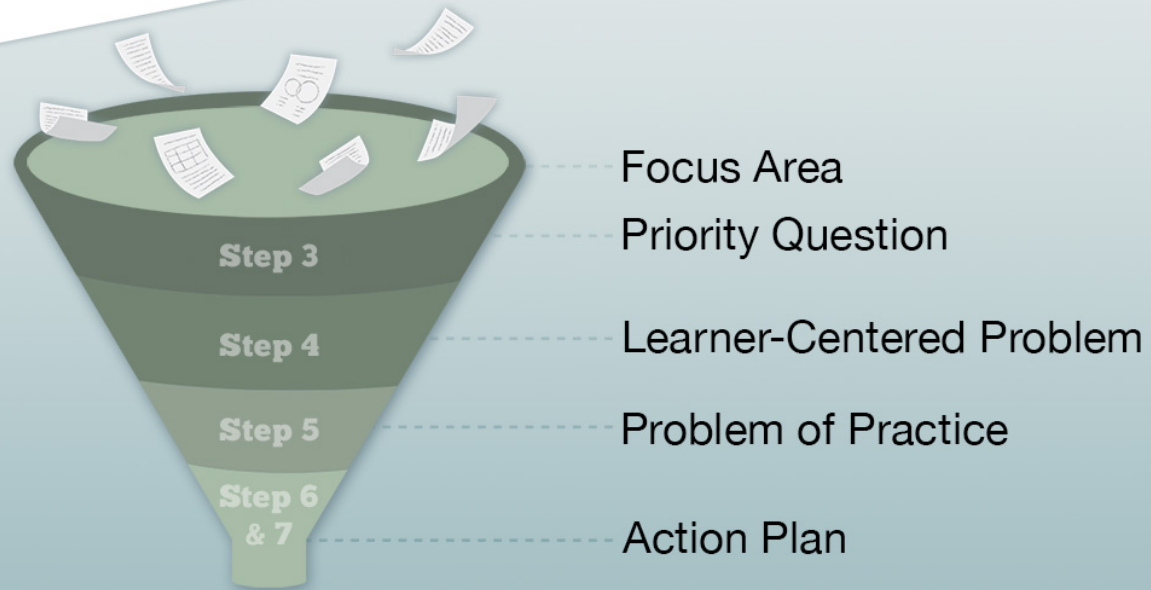

Adapted from: The Path Discipline
The Art and Practice of the Learning Organization by Peter Senge

Ladder of Inference

Ladder of Inference

- How did the Ladder of Inference impact you in your work?

Data Wise

Data Wise Funnel

- Narrowing the scope of your inquiry so that you can identify a specific problem to solve, a strategy for solving it, and a plan for assessing the extend to which your actions achieve the results you are shooting for.

Step 2: Build Assessment Literacy

- 2.1 Review skills tested
- 2.2 Study how results are reported
- 2.3 Learn principles of responsible data use

What assessments/students have lists do use on a regular basis that most impact instructional decisions you make?

Level	Assess.	Individual	Questions
K	K-assess. May/Aug.	folders per child	What were we looking for? What were we looking for?
1	Benchmark NAEW Fry 110 Sign words	Placement Diagnostic How to do folders Math Facts What was the goal?	What were we looking for? What were we looking for?
2	Benchmark Fry 110 Sign words	Placement Reflex Excel	What were we looking for? What were we looking for?
3	LA Benchmark Spelling list NWEA	NA Placement Excel	What were we looking for? What were we looking for?
4	LA Benchmark ISTEP NWEA	Placement ISTEP NWEA Individuals Summary Sheet	What were we looking for? What were we looking for?
5	LA Benchmark ISTEP NWEA	NA Diagnostic ISTEP Individual Assessments	What were we looking for? What were we looking for?

What information gathered for Title I support

Level	Public Library	Pivot Benchmark	Ter 2 data
K	Assess the Cat to Social character Every Jan	after fall break Orange - math ELA	after fall break Orange - math ELA
1	118 math experience the 100 list	after fall break end of month Orange - math ELA	after fall break end of month Orange - math ELA
2	Some assessments - every Jan - every Jan	after fall break end of month Orange - math ELA	after fall break end of month Orange - math ELA
3	Book Talks	by the end of Oct Orange - math ELA	by the end of Oct Orange - math ELA
4	Math - Personal assess	By the end of Oct Orange - math ELA	By the end of Oct Orange - math ELA
5	Math - Personal assess	By the end of Oct Orange - math ELA	By the end of Oct Orange - math ELA

Phase 1 – Steps 1 & 2

Prepare Phase

1

What are some reflections you have from Steps 1 & 2

2

What are some key ideas you want to remember for next year?

3

What are some challenges you want to conquer for next year?

Step 3: Create Data Overview

- 3.1 Choose a focus area
- 3.2 Analyze data and find the story
- 3.3 Display the data
- 3.4 Allow staff members to make sense of the data and identify a **priority question**

Priority Question

Objective:

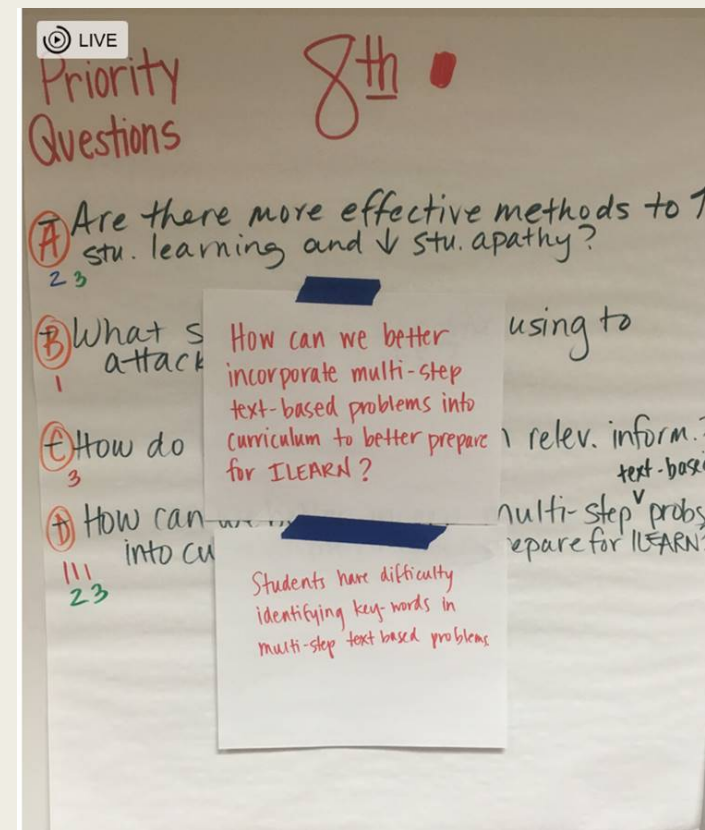

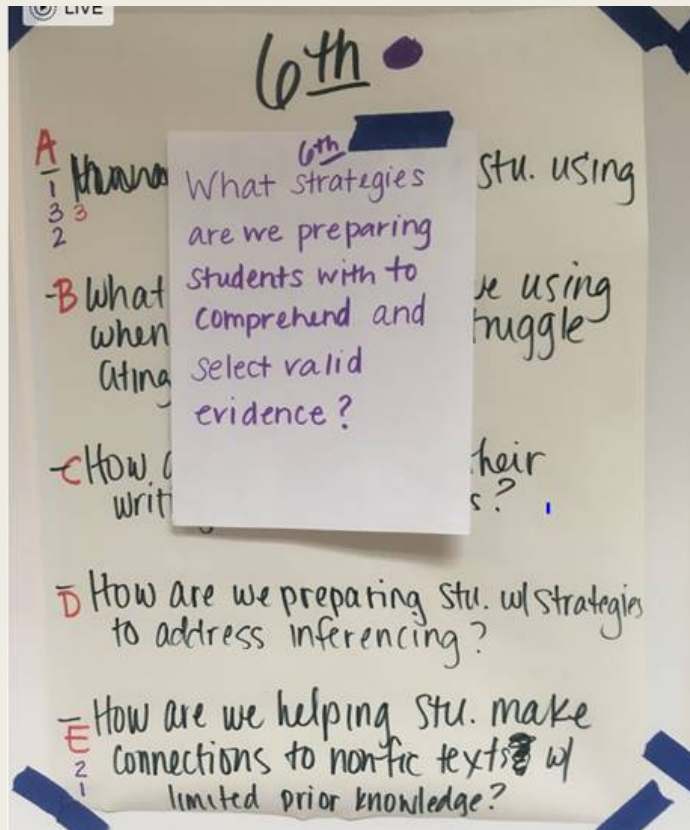

- To develop a priority question to guide our data journey.
- We will look at examples and brainstorm together.

Example Priority Questions:

What skills required on the PSAT do our students struggle with the most?

How do students use evidence from text to support their claims?

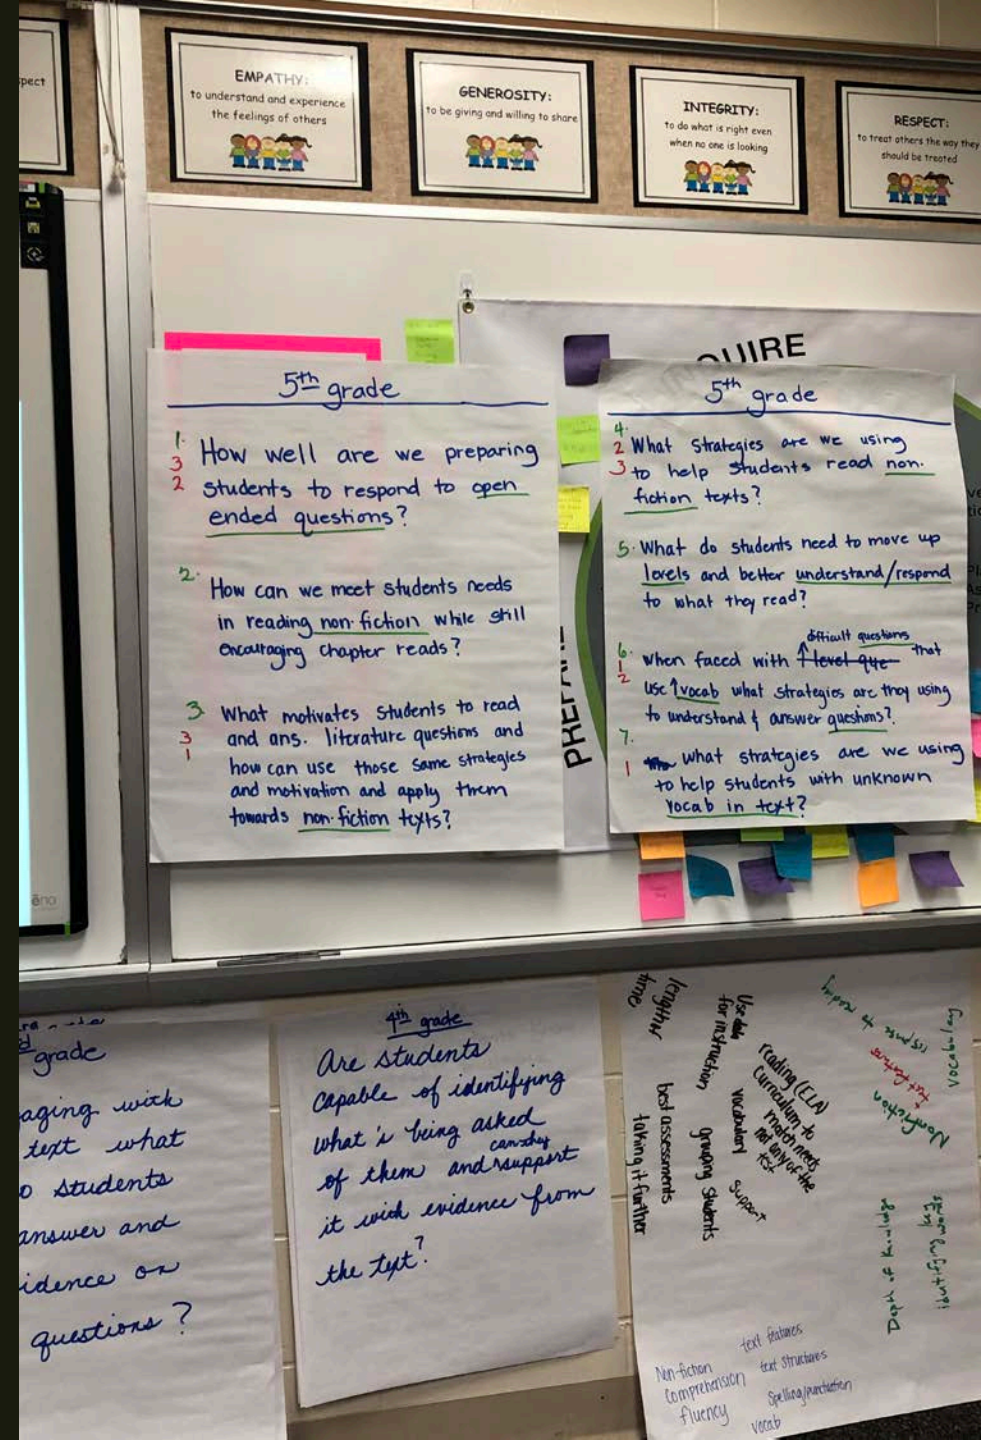

How do students approach text based questions?

DISTRICT EXAMPLE:

Step 4: Dig into Student Data

- 4.1 Examine a wide range of student data
- 4.2 Come to a shared understanding of what student data show
- 4.3 Identify a Learner Centered Problem

Learner Centered problem

- Directly related to the priority question
- Based on multiple forms of evidence found when digging into data
- Within a school's control
- A statement about student learning, not a questions
- Specific and small

Examining student work

Example of learner centered problem (Lcp)

Step 4: Digging into Student Data

DataWise Team Inquiry Cycle 2

Learner-centered problem:

Our students struggle with understanding and implementing effective assessment strategies as well as interpreting and applying external assessment results within the context of PARCC.

District Examples

4 ELA	When completing a writing response, how can students show understanding through justification of their cited evidence? DOK 3 4.RN.2.1	Students are not showing understanding by answering all parts of the question and providing evidence.
5 ELA	How do we get students to use and cite text evidence in responding to literature? (Non-fiction)	Students are not citing evidence from the text that answers the question.

Step 5: Examine Instruction

- 5.1 Examine a wide range of instructional data
- 5.2 Get clear about the purpose of instructional data
- 5.3 Come to a shared understanding of what is happening in classrooms
- 5.4 Identify a problem of practice

Problem of Practice Examples

As teachers, we don't provide students with enough opportunities to independently practice identifying an author's point of view or comparing points of view across rigorous texts.

As teachers, we do not explicitly model how to use quotations to support a claim.

As teachers, we ask students to memorize a list of words/phrases and what they mean mathematically (e.g., "more than" means addition). This promotes a translation-style approach.

PROBLEM OF PRACTICE

As teachers, what can we do to address the Learner
Centered Problem?

Phase 2 – Steps 3-5 Inquire Phase

1

What are some reflections you have from Steps 3-5

2

What are some key ideas you want to remember for next year?

3

What are some challenges you want to conquer for next year?

Steps 6-8: Develop and Implement Action Plan

- 6.1 Decide on an instructional strategy
- 6.2 Agree on what the plan will look like in the classrooms
- 6.3 Put the plan in writing
- 7.1 Choose assessments to monitor progress
- 7.2 Set student learning goals
- Step 8: Implement and Assess

District Example:

Data Wise 2018-19 Cycle: Action Plan

6th Grade Language Arts

NorthWood Middle School

Learner-Centered Problem: Students lack an understanding of vocabulary/terms.

Problem of Practice: As teachers, we need to intentionally implement instructional strategies to improve vocabulary comprehension.

Instructional Strategy: As teachers, we will integrate a Writer's Notebook and Marzano's 6-step-process into our daily lessons, class assignments, and assessments.

Task	Who	When	Where
Revisit Action Plan Draft	Carla, Mandy, Katie, Carrie, Val	August 19-22	Prep
Create Teacher Sample of Notebook (beginning)	Carla, Mandy, Katie, Carrie, Val	August 12-23	Prep
Create Pre-Assessment	Carla, Mandy, Katie, Carrie, Val	August 19-22	Prep
Administer Pre-Assessment	Carla, Mandy, Katie, Carrie	August	Classroom
Create/build visual and determine graphic organizer	Carla, Mandy, Katie, Carrie, Val	August 12-29	Prep
PD (if needed)	All (Val Facilitate)	August 12-29	Prep
Determine Key Vocabulary for 1 st 9	Carla, Mandy, Katie, Carrie, Val	August 12-29	Prep
Teach lessons, integrate strategy	Carla, Mandy, Katie, Carrie	August-October	Classroom
Mid-plan check-in	All (Val Facilitate)	October	Prep
Determine Key Vocabulary for 2 nd 9	Carla, Mandy, Katie, Carrie, Val	September	Prep
Teach lessons, integrate strategy	Carla, Mandy, Katie, Carrie	October-December	Classroom
Refine Assessment	Carla, Mandy, Katie, Carrie, Val	November	Prep
Administer Assessment	Carla, Mandy, Katie, Carrie	December	

Phase 3 – Steps 6-8

Act Phase

1

What are some reflections you have from Steps 6-8

2

What are some key ideas you want to remember for next year?

3

What are some challenges you want to conquer for next year?

DISCUSSION

What are some Plus/Deltas of your Data Wise
experience?
