

## Dismissal Procedures

### 2020-21 School Year

**Reminder:** Every day this year will be set up similar to our Wednesday early release schedule last year

- **Boys and Girls Club Bell (2:37)**
  - The Boys and Girls Club bell will ring at 2:37.
  - Students must wear face coverings until they reach the club and are given further instructions.
  - Students will line up on the designated spots near the south exit doors.
  - Student names will be checked off the list before they are directed to walk down the kindergarten hall to the club.
  
- **Walker Bell (2:42)**
  - Walkers will be dismissed from classrooms at the 2:42 bell.
  - Students will be expected to wear face coverings while inside the school building and can remove them when they have exited.
  
- **Parent Pick-Up Bell (2:45)**
  - Walkers and pick-ups were released at the same time last year. We are making this switch so that all hallway traffic should be walking in the same direction.
  - Pick-up students will proceed to a designated location. Our plan is to have them meet on the blacktop just outside the recess doors. They will be able to space out in this area and wait for their name to be called when their ride is on site. (Note: During inclement weather, we will likely meet in the cafeteria.)
  - We have purchased Curbsmart technology to assist with dismissal (see video link). When cars pull on site, we will enter a car tag #. This will notify supervisors on the playground who will send students through the playground gates on the north end of the building.
  - Students must wear face coverings from the time they leave the classroom until they are in their car.
    - [Parent Pickup PowToon Video](#)
  
- **Bus Dismissal (2:50)**
  - The final bell will ring at 2:50.
  - All bus riders will be escorted to the south end of the building.
  - We will have bus lines clearly identified on the floor and properly spaced.
  - Students must wear their face coverings during the dismissal procedures in class and will continue to wear the mask until they exit the school bus.
  - Bus riders will stand in a designated location along their bus line while waiting to proceed to their bus. Students will continue to keep proper spacing while walking to the bus.
