

When shopping for a dress, please remember:

- If you are opting for a short dress, keep it below the fingertips.
- Do not buy a dress that you are uncomfortable dancing in!
- No slit higher than 3" above the knee
- No low plunging necklines, low backs- should not fall below the waistline
- No two-piece dresses
- No bare midriffs- No bare skin should be showing in the midriff area.

If your dress is not APPROPRIATE, you will not be allowed into the prom.

- Find a dress that flatters you. A dress that one girl can wear, may not be appropriate for another.
- If you are unsure if a dress is appropriate, opt for another dress; better safe than sorry!
