

Wa-Nee Community Schools is excited to announce the kick off for online registration for returning Wa-Nee students

For students returning to Wa-Nee Community Schools for 2015-16, an online registration process will be in place and open on July 8, 2015. It is critical for parents to have an updated email address on file with the school office in order to complete the online registration process. Parents who do not have an email address on file at the school, should contact Juanita Lantzer, (jlantzer@wanee.org) or call the Wa-Nee Administration Office at (574) 773-3131 to request an email account be set-up. Please be sure to list your child's name, date of birth and grade when making this request so we can correctly update your information in our student management system.

Parents whose information is up to date and have an active email on file will receive information from school via email with instructions and links that will allow them to register their child(ren) online. Parents will still need to attend the Back-To-School registration in August to get student class assignments and pay textbook rental fees. However, this process will be much quicker if online registration is completed ahead of time. Computers will also be available during Back-to-School registration if parents choose to complete the online registration process at the school.

Students not enrolled in Wa-Nee Community Schools at the end of the 2014-15 school year should register at school during Back-to-School registration or schedule an appointment to enroll at the Wa-Nee Administration Office during the months of June or July, by calling 574-773-3131.
